BQT Solutions Limited is pleased to announce that the first order, worth \$330,000 has been received for a major Defence contract.

Stage 1 of this project is worth \$3,000,000 to BQT Solutions, with further stages to follow.

After a number of years in discussions, design and testing, BQT is pleased to supply its security technology for this major Defence contract. As with many of our projects, because these projects are of a high security, we cannot divulge any further details.

BQT is pleased that the effort & designing of systems for large projects such as this is now bearing fruit, as large projects have a long lead time. However these projects will now give BQT a sound base for future sales.
