BQT SOLUTIONS APPOINTS MASTER DISTRIBUTOR IN THAILAND

BQT Solutions is pleased to announce the appointment of LTAG (Loxley Thai Australian Group) a subsidiary of the Loxley Public Company Limited as its representative in the Thai market.

Apart from being one of Thailand's most successful companies Loxley has established relationships in many different markets ranging from Industrial, Law Enforcement, Medical, Retail, Banking & Finance to major infrastructure projects.

LTAG will not only service and support BQT's global clients, who have representative offices in Thailand, but will also work closely with Security Consultants & System Integrators in the different sectors to gain maximum exposure of BQT's products and solutions.

LET (Law Enforcement Technology) which is another subsidiary of Loxley, operates as a Security System integrator specialising in the Law Enforcement sector and will work closely with LTAG on projects and opportunities.

BQT in conjunction with LTAG have recently identified major opportunities in the Banking and Transport sectors as well as Law Enforcement. BQT and LTAG are working very closely to ensure that these projects come to fruition in the 1st quarter of 2006. These projects range from Intelligent CCTV solutions, including Facial Recognition, Number Plate Recognition to Access control systems for buildings that will encompass BQT's range of miPASS products and biometric solutions.

We see this appointment as a major step of BQT's expansion not only globally but particularly in South East Asia, where security is rapidly becoming a priority on many company agendas.

John Genner
Managing Director
